Ensuring Safe Transport: The Role of De-Escalation, Safety, and Behavior Management in Driver Training

Presented by: Brennan Roy, Crisis Intervention Solutions, LLC

Student behavior on school buses remains a significant challenge for daily transportation operations and has an impact on driver retention. This presentation will explore training options designed to enhance both driver and student safety.

The session will cover the benefits of training for both individuals and organizations, addressing key topics such as de-escalation techniques, personal safety, and behavior management strategies. Additionally, we will discuss methods for delivering more effective training programs. The presenter will also compare traditional instructor-led workshops with online and hybrid training formats.

Brennan Roy. For over 20 years, Crisis Intervention Solutions LLC has been a trusted training partner for K-12 public and charter schools, transportation organizations, and collaboratives. With more than 700 training courses delivered, our team strives to bring expertise and insight to every session. Our goal is to help foster a culture of professionalism and accountability while helping educators and transportation professionals handle situations responsibly, respectfully, and safely.

We will also have updates from the RMV, DESE and Safe Routes to School and a demonstration on how to use the SpedTransSavings website.

Please don't miss this opportunity to network with colleagues and gain knowledge at the same time!

If we must cancel for a State of Emergency due to weather the meeting will be re-scheduled to
January 23, 2025.
